# 1. Executive Summary

This Deliverable is the first of three planned Deliverables relating to promotional material created within the Europeana Newspapers project. The Deliverable documents the setting up of promotional activities and provides an outlook on further promotional materials to be delivered within the 2nd and 3rd production phase, which will be documented in the Deliverables Promotional Materials II and III.

The Europeana Newspapers project aims at the aggregation and refinement of newspapers for [The European Library](#) and [Europeana](#). In addition, the project addresses challenges particularly linked with digitized newspapers:

- use of refinement methods for OCR, OLR/article segmentation, and named entity recognition (NER), and page class recognition to enhance search and presentation functionalities for Europeana customers,
- quality evaluation for automatic refinement technologies,
- transformation of local metadata to the Europeana Data Model (EDM)
- metadata standardization in close collaboration with stakeholders from the public and private sector.

The consortium will provide more than 18 million newspaper pages to the Europeana service.

## 2. Set up of promotional activities

### 2.1 Project name

In the beginning of the project the acronyms 'Newspapers Online' or 'European Newspapers' were promoted for the project. At the Kickoff meeting in March 2012 it was decided across the consortium, to have the final official acronym set as "Europeana Newspapers", which would allow using the Europeana family logotype. The new name was agreed with the project officer and considered within an updated version of the DoW right before the Grant Agreement has been signed.

### 2.2 Project logo

The project logo is based on the Europeana logotype and brand guidelines. Several drafts have been prepared, which were tuned to the final logo of the project, based on the comments from the consortium.

## 2.3 Project website

The project website is available at <http://www.europeana-newspapers.eu/>.

The screenshot shows the homepage of the Europeana Newspapers project website. The header features the Europeana Newspapers logo and the tagline "A Gateway to European Newspapers Online". A navigation menu includes links for ABOUT, CONSORTIUM, NEWS, ACTIVITIES, EVENTS, PUBLIC MATERIALS, and CONTACT. The main content area is titled "About" and contains a search bar, a "Follow Us!" section with social media icons, and a "Categories" section listing "Blog (1)" and "News (5)". An "Archive" section lists dates from June 2012 to March 2012. The footer includes copyright information and a note about funding from the ICT Policy Support Programme (ICT PSP).

**About**

A group of 17 European partner institutions have joined forces in the "Europeana Newspapers" project and will, over the next 3 years, provide more than 18 million newspaper pages to the EUROPEANA service.

The Europeana Newspapers project (funded under EC's [CIP 2007 – 2013](#)) aims at the aggregation and refinement of newspapers for [The European Library](#) and [Europeana](#). In addition, the project addresses challenges particularly linked with digitized newspapers:

- use of refinement methods for OCR, OLR/article segmentation, and named entity recognition (NER), and page class recognition to enhance search and presentation functionalities for Europeana customers,
- quality evaluation for automatic refinement technologies,
- transformation of local metadata to the Europeana Data Model (EDM)
- metadata standardization in close collaboration with stakeholders from the public and private sector.

Each library participating in the project will distribute digitized newspapers and full-texts free of any legal restrictions to Europeana. There will be a special focus on newspapers published during the First World War, thus providing a meaningful addition to the resources aggregated by the current [Europeana Collections 1914-1918](#) project.

The project has started on 1st February 2012.

### 3. Promotional materials

#### 3.1 PPT template

Two project presentation templates were created:

- a blank PPT file – including a blank first slide, a body slide and the last slide. This PPT is the basic template for presentations on the project and defines the layout to be used. It is available for download at the project website at: [http://www.europeana-newspapers.eu/wp-content/uploads/2012/07/Europeana Newspapers\\_template.ppt](http://www.europeana-newspapers.eu/wp-content/uploads/2012/07/Europeana_Newspapers_template.ppt)

- a Master PPT file – including general slides on the project activities, which can be re-used by other partners for their own original presentations of the project. This file contains a basic presentation on the project, the consortium and the project's objectives. The file is available at: [http://www.europeana-newspapers.eu/wp-content/uploads/2012/07/Europeana Newspapers\\_Master\\_FULL.ppt](http://www.europeana-newspapers.eu/wp-content/uploads/2012/07/Europeana_Newspapers_Master_FULL.ppt)

### 3.3 Project flyer

The first version of the project flyer was delivered in English language as A4/A5 folded version with four A5 pages.

It has been agreed during the first WP6 Skype call (on July 5th 2012), that the text-content of the 1st version of the flyer will be revised by all partners, resulting in the 2nd version of the flyer, which will be translated to the different partners' languages and printed on-site. This will be important mainly for the national information days, which will take place mostly in the months 16-24 of the project.

The leaflet is available at:

## 3.4 Outlook on further promotional materials (II, III)

The following promotional materials have been suggested to be produced during the project lifetime:

- 2nd version of the project flyer + versions in national languages
- Project poster (A0)
- Project brochure (ca. 12 pages)
- Project stickers
- Project promotional video

The planned promotional materials may still change, in order to consider current needs and decisions made by the WP6 working group on promotional materials.
